

## **Garbage Cart Roll Out - Back Service**

- Trash pick-up service for the PPOA community is typically provided on Mondays by The City of Galveston. Per the Galveston City Ordinance, Garbage Carts can be placed at the curb after 6pm the day before trash pick up day and the carts must be returned under the home by 10pm the same day of pick-up.
- Garbage Carts left at the curb after pick up will be in violation of the City Ordinance and the property owner is subject to a fine from the City Marshall's office. Violation of this ordinance can be reported to the City Marshall's office by calling (409) 797-3647 or sending an e-mail to [citymarshal@galvestontx.gov](mailto:citymarshal@galvestontx.gov).
- Over the years, many residents have taken advantage of local providers that offer Garbage Bin Roll Out/Roll Back services to PPOA property owners. These companies offer services that: 1) Roll out the Garbage Carts, 2) Roll back the Garbage Cart, or 3) Both roll out and roll back services. Pricing is different, depending on the service option chosen.
- Property Owners wishing to contract for garbage cart roll back service may contact the providers listed below directly to ask for pricing and should contract directly with the provider for services. CKM, the PPOA property management company, over the years has provided administrative services for Minter Landscape Services, and that has been a separate business relationship between those two organizations.
- The PPOA has never provided this service to the community, rather we encourage property owners to contract directly with the provider of their choice. For your convenience, below are some providers that property owners currently use.
